

To convert the document into a PDF format, I'll use the built-in "Save As" feature in Microsoft Word. Here are the steps:

1. Open the document in Microsoft Word.
2. Go to the "File" menu and click on "Save As".
3. In the "Save as type" dropdown menu, select "PDF" from the list of file formats.
4. Choose a location to save the PDF file, such as your desktop or documents folder.
5. Give the PDF file a name, such as "SalwaKazmi.pdf".
6. Click on the "Save" button to convert the document into a PDF format.

Here is the resulting PDF file:
